

Assignment 6a — LowFi Prototype

DESIGN RATIONALE

I approached the cart page to be pretty minimal—I reused the same components on all of the other pages in order to maintain cohesion across the website.

TYPOGRAPHY

Review

Great job! You learned how to style an important aspect of the user experience—typography.

Let's review what you've learned so far:

- *Typography* is the art of arranging text on a page.
- Text can appear bold or thin with the `font-weight` property.
- Text can appear in italics with the `font-style` property.
- The vertical spacing between lines of text can be modified with the `line-height` property.
- *Serif* fonts have extra details on the ends of each letter. *Sans-Serif* fonts do not.
- *Fallback fonts* are used when a certain font is not installed on a user's computer.
- The `word-spacing` property changes how far apart individual words are.

FAVORITE FONTS SERIF SANS-SERIF MONOSPACED

TYPOGRAPHY

While typography has been practiced for many centuries, digital font design is a relatively new discipline. There are some great examples of old-school fonts (also called typefaces) which have been adapted for use on digital displays. However, I would like to highlight a few of my favorite fonts that were created with screens in mind.

Serif

CSS Code

```

@font-face {
  font-family: 'GlegooBanner';
  src: url('../fonts/Glegoo-Regular.woff2') format('woff2'),
       url('../fonts/Glegoo-Regular.woff') format('woff'),
       url('../fonts/Glegoo-Regular.ttf') format('truetype');
}

/* Universal Styles */
html {
  font-size: 16px;
  font-family: 'Arial', sans-serif;
}

body {
  background-color: #F2F2F2;
  text-align: center;
}

h1 {
  padding: 20px;
  color: white;
  font-size: 28px;
  text-align: center;
  font-family: Georgia;
  text-transform: uppercase;
  letter-spacing: 0.3em;
}

h2 {
  padding: 40px 20px 0 20px;
  font-size: 24px;
  text-align: center;
}

a {
  text-decoration: none;
}

p {
  max-width: 900px;
  margin: 0 auto;
  padding: 20px;
  text-align: justify;
}

/* Header */
.header {
  position: fixed;
  top: 0;
  width: 100%;
  padding: 20px 0;
  background-color: #fff;
  font-size: 14px;
  font-weight: 900;
}

.header li {
  display: inline-block;
  padding: 0 10px;
}

.header a {
  color: #4A4A4A;
}

a.home {
  color: #4D00FF;
}

/* Banner Section */
.banner {
  margin-top: 74px;
  padding: 40px 0 100px 0;
  background-color: #4D00FF;
}

.banner p {
  border-top: 1px solid #fff;
  border-bottom: 1px solid #fff;
  color: #ffffff;
  font-weight: lighter;
  word-spacing: 0.25em;
  line-height: 1.4;
  font-family: 'GlegooBanner';
  font-size: 20px;
}

/* Editorial Sections */
.editorial {
  padding-bottom: 40px;
  color: #717171;
  font-family: 'Trebuchet MS', 'Times New Roman', serif;
}

/* Font Card Sections */
.font-card {
  padding: 10px 0 40px 0;
  background-color: #ffffff;
